

Doofenshmirtz Evil Incorporated

Inator Master Plan Ledger — Version 1.0

TOP SECRET — EYES OF HEINZ DOOFENSHMIRTZ ONLY

1. Purpose

This ledger lists the CEO's master plan for taking over the entire Tri-State Area in 2026, one inator at a time, while keeping Agent P too busy to stop all of them.

2. Scope

This ledger is readable only by the CEO and the Inator Review Board.

3. Planned Inators

Quarter	Inator	Target
Q1	Sock-Stealer-inator	Every left sock in the Tri-State Area
Q2	Daylight-Savings-inator	Make every Monday 3 hours longer
Q3	Obey-My-Jingle-inator	Get the company jingle stuck in every head
Q4	Platypus-Repellent-inator	Keep Agent P out of the building

The Q4 inator is the most important, because it protects the other three.

4. Funding

The master plan is funded from the Platypus Countermeasures budget line, which is 10 percent of the evil budget.

5. Acknowledgment

Reading this ledger constitutes acknowledgment that you will not mention the Sock-Stealer-inator before the first quarter.
