

Doofenshmirtz Evil Incorporated

Parking and Blimp Docking Policy — Version 1.0

1. Purpose

This policy assigns parking spaces and blimp docking slots at Doofenshmirtz Evil Incorporated headquarters, the tall purple building you cannot miss anywhere in the Tri-State Area.

2. Scope

This policy applies to every car, scooter, hovercraft and blimp arriving at headquarters.

3. Car Parking

3.1 Assigned Spaces. Parking spaces are assigned by seniority. The CEO's space is the one closest to the door and is painted with a large letter D.

3.2 Visitor Parking. Visitors park in the three spaces nearest the giant neon sign. Visitors arriving in a flying car must use the roof.

4. Blimp Docking

4.1 Docking Slots. The roof has two blimp docking slots. The company blimp has permanent priority on slot one.

4.2 Docking Time. Guest blimps may dock for up to 2 hours. Blimps left longer are deflated and folded by Facilities.

5. Towing

Vehicles parked in the CEO's space are towed immediately. Hovercraft are pushed gently instead, because they do not tow well. An inator parked in a car space is towed to the lab.

6. Acknowledgment

Parking at headquarters constitutes acknowledgment of this policy.
