Remote Work and Tri-State Commute Policy — Version 2.0

1. Purpose

Version 2.0 increases remote days and the commute stipend after employees proved they scheme just as well in pajamas.

2. Scope

This policy applies to all employees whose job does not require physically guarding an inator.

3. Remote Work

3.1 Remote Days. Eligible employees may now work remotely up to 3 days per week, up from 2 days.

3.2 Home Lairs. Home inators are now limited to the size of a toaster, after a home Freeze-inator froze an entire apartment block.

4. Commuting

4.1 Commute Stipend. The commute stipend rises to 150 dollars per month.

4.2 Robot Traffic. Delays caused by giant robots still do not count as late, unless the robot belongs to the employee.

5. Equipment

Remote employees receive a laptop and one evil-looking desk lamp.

6. Acknowledgment

Working from anywhere constitutes acknowledgment of this policy.
